

Spinner II — Full Model Lineup

Model 25

Best for 8L–15L oil sumps

- 250cc contaminant capacity
- 1.2 GPM at 60 psi
- No LCB
- Cleanable rotor

Model 596

Designed for 15L–60L oil sumps

- 500cc contaminant capacity
- Up to 1.2 GPM at 60 psi
- Integral LCB, disposable rotor
- Built for low oil-pressure engines (e.g. Cummins ISX)

Model 996

For 15L–60L oil sumps

- 900cc contaminant capacity
- 2.0 GPM at 60 psi
- Integral LCB
- Reusable rotor with paper insert

Model 200HD

For 60L–180L oil sumps

- 2,000cc contaminant capacity
- 4.0 GPM at 60 psi
- Reusable rotor, paper inserts
- With/without LCB · units may run in parallel

Model 3400

For 180L–240L oil sumps

- 4,000cc contaminant capacity
- 8.0 GPM at 60 psi
- Reusable rotor, paper inserts
- With/without LCB · units may run in parallel

Model 3600

For oil sumps 240L+

- 6,000cc contaminant capacity
- 16.0 GPM at 60 psi
- Reusable rotor, paper inserts
- With/without LCB · units may run in parallel
